New Transaction Specification Request Process: Tell Us What You Need!

ACORD is committed to helping the industry achieve the goal of straight-through processing by offering Transaction Specifications. This ACORD asset defines detailed specifications for how a consistent "standard" message should be crafted from the overall L&A data model vocabulary. The Transaction Specification supports a tightly defined business function that clearly specifies all the required, optional and conditional data values that can be used in the message.

ACORD Standards Update: Life & Annuity Webinar

The objective of this webinar is to provide an overview of the latest happenings within the Life & Annuity Program as well as learn about new functionality and enhancements to the L&A Standards for cycle 1 of 2015.

This webinar will include updates for Forms, XML, Transaction Specifications, and an overview of current working group activity for the L&A Program.

If you are an ACORD Certified Expert (ACE), this webinar will satisfy some ACE Continuing Professional Development requirements.
